## Canyon Tunnel Project Receives Approval to Begin Restoration Work

On September 4, Cal/OSHA approved the Canyon Tunnel Project's Phase 2 restoration plan, allowing the project to move forward with planned restoration work in the affected section of the tunnel.

The contractor is currently acquiring the materials and equipment needed to perform the work, with Phase 2 construction anticipated to begin in the coming weeks. Once underway, the restoration work is expected to take several weeks to complete.

At the same time, the project team is developing the Phase 3 work plan that will address advancement of the tunnel beyond the affected area. The Phase 3 plan will be submitted to Cal/OSHA for review before tunnel excavation advances.
